

Worship Leader Needed

About Us:

We are a small church of approximately 40 members and we have an immediate opening for a Worship Leader who loves Jesus and leading people into an encounter with God through worship. Our growing church is LifeSource Community Church, a contemporary Seventh-day Adventist church, in beautiful Hayden, Idaho. We typically sing modern contemporary praise songs. We are a very laid back and welcoming church.

Responsibilities:

- We are looking for someone that can put a worship set together, lead rehearsal during the week or Saturday morning, and lead the worship set on the Saturday mornings you are scheduled
- Be available to be present for the worship service on the Saturdays you are scheduled (9:00 am-12:30 pm)
- Select and perform the worship music, approximately 3-4 songs prior to the worship service two Saturday mornings per month (and fill in when needed, should a Saturday be open if a worship team becomes unavailable)
- Coordinate the creation of schedules, weekly rehearsals, send song selections to the teams, and notify each team in a timely manner
- Worship Leader will provide vocal and musical leadership to the Saturday morning contemporary worship service. LifeSource Community Church seeks an individual gifted in leading contemporary congregational worship, possesses leadership and organizational skills, and is a team player

Compensation: Negotiable and dependent upon experience.

This is a perfect position for someone that wants experience and has a passion for leading worship. You get to do the fun stuff, which is creating worship sets and playing music. If you are interested in this position, please send your information and resume to worship@lifesource.life. Questions? Feel free to call us at **208-981-9151**.

We look forward to hearing from you!
